# KEQIAN TANG

keqiantang04@gmail.com ⋄ github.com/keqiant

## EDUCATION

**Tsinghua University** 2022-2026
*Bachelor of Engineering in Automation (GPA 3.7/4.0)*

## RESEARCH INTEREST

My research focuses on robotic manipulation, with a particular interest in foundation models for robots.

## PUBLICATIONS

1. Zhixu Li*, **Keqian Tang***, Litian Gong*, Jingyu Yao, Wenqian Zhang, Tianze Xu, Zehao Wang, Yuping Wang, Junge Zhang, Jiachen Li. **LIBERO-PeRM: Benchmarking Personalized Robotic Manipulation.** *Neural Information Processing Systems (NeurIPS 2026), Evaluations and Datasets Track.* [Paper] [Project]

* Equal contribution.

## RESEARCH EXPERIENCE

**University of California, Riverside** 2025
*Undergraduate Visiting Researcher, Advisor: Prof. Jiachen Li*

**Tsinghua University** 2025-2026
*Research Assistant, Advisor: Prof. Jianming Hu*

## ACTIVITIES

**Association of Science & Technology of Automation (ASTA)**
Committee Member, Tsinghua University

**Embodied AI Competition, Tsinghua University**
Organizer

## AWARDS

Outstanding Scientific and Technological Innovation Scholarship, Tsinghua University 2023

## TECHNICAL SKILLS

| | |
|---|---|
| **Programming** | Python, C/C++, Verilog |
| **Tools & Frameworks** | PyTorch, ROS2, Linux, Git |
| **Robot Platforms** | Franka Emika Panda, Xiaomi CyberDog |
